L'ABSTRAIT-O-MÈTRE

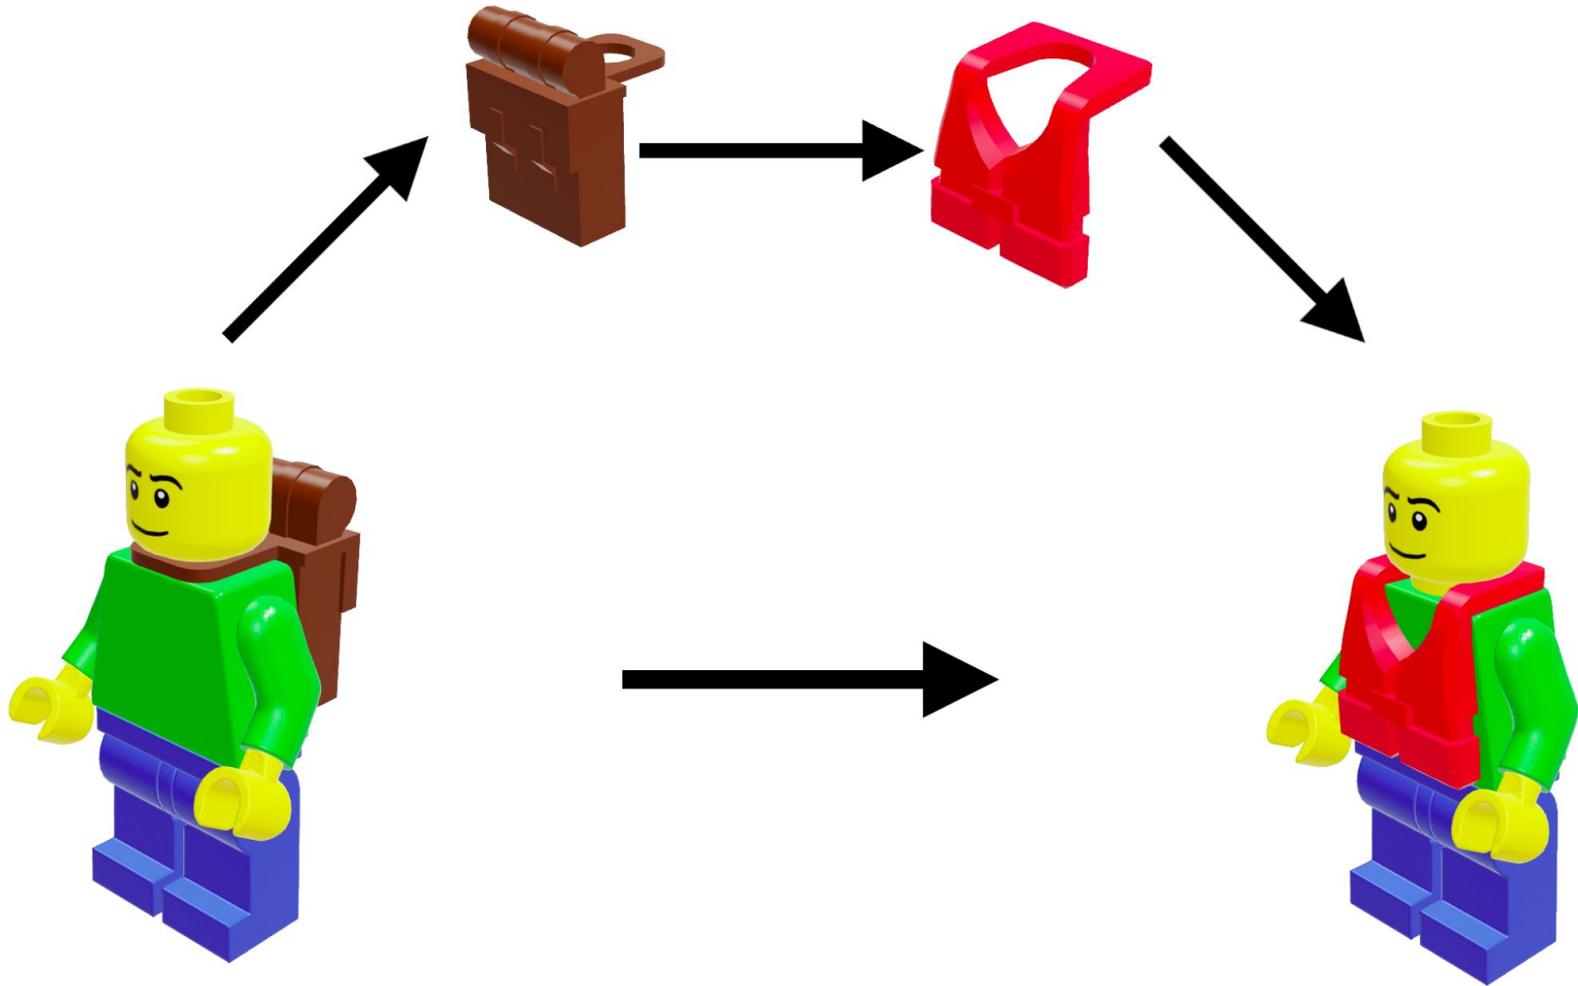

The image features a stylized iceberg floating in a teal ocean. The top of the iceberg, which is above the water line, is divided into three distinct peaks. Each peak is topped with a white flag on a blue pole. The leftmost flag contains the text 'Théorie des ensembles', the middle flag contains 'Logique', and the rightmost flag contains 'Théorie des types'. The submerged portion of the iceberg, which is significantly larger and extends deep into the water, is a solid teal color. Centered on this submerged part is the text 'THÉORIE DES CATÉGORIES' in white, bold, uppercase letters. The background is a light blue gradient, suggesting a sky or water surface.
